PUBLIC COMMENT

Ms. Donna Duva, Walgreens in Milford, DE stated that she entered the Board meeting just as the Pharmacist in Charge interview process was beginning. The Board had not previously received a written request to be added to the meeting agenda. Ms. Duva was asked if she was present during the entire interview process. Ms. Duva was included under Pharmacist in Charge interview listing in the minutes above.

Mr. Kevin Musto stated that the incorrect or missing prescriber contact information provided by practitioners continues to create delays in care for the public. This occurs usually from large institutions that have several satellite locations. The practitioner sees the patient at one location however the contact information provided is not accurate when trying to reach the practitioner even just hours after the prescription is written. This causes delays in access of care for hours and sometimes a day(s). He is requesting that this continue to be a focus of the Board to rectify.

Mr. Musto also wanted to bring to the Board's attention the awarding of the Harry C. Zeisig Award for "outstanding services, achievements or accomplishments set him/her apart from the rest of his/her peers." at the DPS convention to Board member Kim Robbins.
